

Dr. RAGIBA MAKANDAR

Professor, Dept. of Plant Sciences
F-66, School of Life Sciences, University of Hyderabad
Prof. C. R. Rao Road, Gachibowli,
Hyderabad-500046; Telangana
Telephone (O): 91-40-23134514
Email: mragiba@uohyd.ac.in
http://sls.uohyd.ac.in/new/fac_details.php?fac_id=89

**CURRENT POSITION:**

Dec 2016 Professor, School of Life Sciences, University of Hyderabad

PREVIOUS POSITIONS:

Jan 2012- Dec 2016 Associate professor, Dept. of Plant Sciences, School of Life Sciences, UoH
Dec 2008- Dec 2011 Reader, Dept. of Plant Sciences, School of Life Sciences, UoH, Hyderabad
May - July, 2009 Visiting Scientist, ASU Biodesign Institute, ASU, Tempe, Arizona, US
Aug 2007 - Nov 2008 Research Assistant Professor, University of North Texas, Denton TX 76201
Aug 2003 - Jul 2007 Postdoctoral Research Associate, KSU, Manhattan, Kansas, US
Sep 2002 - Aug 2003 Postdoctoral Research Associate, HARC, Aiea, HI US
Feb 2001 - Sep 2002 Research Associate, NRCPB, IARI, New Delhi
Nov 1998 - Jun 1999 Assistant Professor, College of Agriculture, Bapatla, ANGRAU, Bapatla
Apr 1995 - Jul 1996 Research Associate, Division of Genetics, IARI, Pusa, New Delhi
Jun 1994 - Mar 1995 Post Graduate Apprentice, National Watershed Project, Chittoor, A.P.

EDUCATION:

Ph.D. Genetics 2001 Indian Agricultural Research Institute (IARI), New Delhi
M.Sc. Agri. (Genetics) 1992 Andhra Pradesh Agricultural University (APAU), Hyderabad
B.Sc. Agriculture 1990 Andhra Pradesh Agricultural University (APAU), Hyderabad

AWARDS:

Nov 2012 – Apr 2013 DBT-CREST Research Fellowship to conduct research at UNT, Denton, USA

FUNDED RESEARCH PROJECTS:**Institute of Eminence (IOE)-MHRD funded project**

Identification, molecular mapping and pyramiding of powdery mildew gene(s) in garden pea; Institution of Eminence (IOE)-MHRD; University of Hyderabad ([IOE-UoH-RC3-21-020](#))

Department of Science and Technology (DST), New Delhi, India: POWER-SPG

Delineating fungicidal tolerance of the fungal pathogen, *Fusarium graminearum* by analyzing Tebuconazole induced responses; POWER grant; [SPG/2021/001819/2021](#);

Department of Biotechnology (DBT), New Delhi, India:

Identification and characterization of Pathogen Associated Molecular Patterns (PAMPs) and candidate effector genes in Powdery mildew fungus (*Erysiphe pisi*) through transcriptome profiling; BT/PR1264/PBD/16/848/2009;

Department of Science and Technology (DST), New Delhi, India: SERB-CRG Grant

Identification and molecular tagging of virulence and pathogenesis genes of powdery mildew fungus (*Erysiphe pisi*) using genomic tools SR/SO/BB02/2010;

Indian Council of Agricultural Research (ICAR)-NFBSFARA, New Delhi, India:

Deciphering molecular mechanism of induction of biotic stress tolerance by Trichoderma spp. in castor (*Ricinus communis* L.); ICAR-NFBSFARA/BS-3007/ 2012;

University Grants Commission (UGC)-University of Potential Excellence (UPE-II):

Physicochemical detection of bio-molecules in *Erysiphe pisi* with potent immune responses using molecular and computational studies; Universities with Potential for Excellence; (UPE Phase II; UH/UGC/UPE Phase-2/Interface Studies/research projects/R-29);

PEER REVIEWED PUBLICATIONS [2015 to 2022]:

1. Pamei, I and **Makandar, R***. 2022. Comparative Transcriptome Provides a New Insight into Floral Regulation and Defense Response against Phytoplasma in Sesame (*Sesamum indicum* L.). *Plant Mol Biol Rep.*, **1-12** (2022). <https://doi.org/10.1007/s11105-022-01335-9>. (*Corresponding Author).

Identification of avirulent (*Avr*) and pathogenesis genes of powdery mildew causing fungus, *Erysiphe pisi* through in-silico and in-vivo analyses. An International Symposium on Genomics and Biodiversity at 15th Annual ADNAT Convention held at Centre for Cellular and Molecular Biology, Hyderabad: Feb 23-25, 2011.

NATIONAL PAPER PRESENTATIONS AS INVITED SPEAKER

1. Invited speaker: "Genetic manipulation of host defense responses to enhance resistance to Fusarium Head Blight in wheat" at ADNAT symposium conducted at University of Hyderabad from 21-23rd February, 2015
2. Invited speaker, "Functional genomics play significant role in disease signaling and defense response against fungal pathogen (*Fusarium graminearum*) in plants" at National Symposium on Genomics and Crop Improvement: Relevance and Reservations conducted by Institute of Biotechnology, ANGRAU, Hyderabad 25 to 27 February, 2010.
3. Paper presented as principal author titled, "Resistance to FHB disease through genetic manipulation of host defense responses" during National Symposium on Biology of infection, immunity and disease control in pathogen-plant interaction held at UoH from 2-4, December 2011.
4. Invited speaker to present a paper on 'Enhancing basal resistance to plant pathogens via genetic manipulation of defense signaling' on the inaugural day of "Chapter of Genetics and Plant Breeding (AP) by ANGRAU at Tirupati, AP on 28-07-2012.
5. Invited lecture under adjunct faculty Program, ANGRAU, AP on 'Functional genomics in crop improvement' at S.V. Agri. College, Tirupati, AP on 30-08-2012.
6. Invited lecture under adjunct faculty Program, ANGRAU, AP on 'Genomics: A preamble for Functional Genomics' at S.V. Agri. College, Tirupati, AP on 31-08-2012.
7. Paper presented as corresponding author* titled, "The er2 gene resistance against powdery mildew infection is associated with enhanced antioxidative protection and defense gene expression. 2020. Sheetal M. Bhosle, Nitinkumar Marathe and Ragiba Makandar* at National Conference in Plant Biology held at University of Hyderabad, Telangana, India from 31st Jan to 1st Feb 2020. <https://uohyd.ac.in/blog/events/frontiers-in-plant-biology/>
8. Paper presented as corresponding author* titled, "Elucidating disease signaling mechanism by *Fusarium graminearum*, the causal agent of Fusarium head blight (FHB) disease in wheat" 2019. Jyoti Shah and Ragiba Makandar* at National Symposium on Breeding for Biotic Stress Resistance in Potential Crops-ICAR Institute, Tamil Nadu, India from 7th – 8th December, 2019.
9. Paper presented as corresponding author* titled, "Analyzing host responses to target *Fusarium graminearum* infection in crop plants. 2019. Jyoti Shah and Ragiba Makandar* at XI International Conference on Biology of Yeasts and Filamentous Fungi held at UoH; 27th - 29th November 2019.
